

Virtual care

Get access to medical care anytime anywhere

Ask if your doctor offers same-day and after-hours care via phone and online consultation.

When your plan starts, you can also use Teladoc® to get treated by a doctor anytime anywhere in the United States.* You usually pay \$40 or less for a consultation with a Teladoc physician.

Teladoc does not replace your family doctor or primary care physician. It's an affordable alternative to costly urgent care and ER visits when you need care now. Teladoc doctors can treat many medical conditions, including cold and flu symptoms, allergies, bronchitis, urinary tract infections, and more.

Whether you get care from your doctor or Teladoc, your health plan deductible and office visit copays and coinsurance apply.
